

# CURRICULUM VITAE

**DR. SHAILESH AGRAWAL**

**E-MAIL:** as.shail@gmail.com

shailesh\_agrawal@bsip.res.in

8795589667

Scientist D

Birbal Sahni Institute of Palaeosciences

53, University Road, Lucknow

Uttar Pradesh 226007

## Present and past employment

2021 onwards	Scientist-D	Birbal Sahni Institute of Palaeosciences, Lucknow
2017-2020	Scientist-C	Birbal Sahni Institute of Palaeosciences, Lucknow
2013-2016	Scientist-B	Birbal Sahni Institute of Palaeosciences, Lucknow
2012-2013	Research Associate	Wadia Institute of Himalayan Geology, Dehradun.
2011-2012	Project Associate,	National Institute of Oceanography, Goa.
2001-2006	Assistant Professor	National Institute of Technology, Raipur.
	(Contract)	

## Educational Qualifications

Qualification	College/ Board	Year	Division
Ph. D. (Stable isotope geochemistry and paleoclimate)	Indian Institute of Technology Kharagpur, India	2011	-
M.Tech. (Applied Geology)	Government Engineering College Raipur Pt. R.S.U. Raipur, CG, India	2000	1 <sup>st</sup> Division
B.Sc.	Government P.G. College Balaghat, Rani Durgavati University. Jabalpur, MP, India	1997	1 <sup>st</sup> Division
S.S.C	M.P. Board Bhopal, India	1994	1 <sup>st</sup> Division

## NPDF guidance

Sl No.	Name of Student	Year of completion/on-going	University/ Institute
1.	Dr. Divya Kumari Mishra	2019 to 2021	BSIP

## Ph.D. students supervised-completed & on-going

S No	Name of Student	Year of Award/ on-going	University/ Institute	Supervisor/ co-supervisor
1.	Mohan Kumar	2018 onwards	Lucknow University	Supervisor
2.	Ms Korobi Saikia	2023 onwards	BSIP (AcSIR)	Supervisor
3.	Ms Priya Dixit	2023 onwards	BSIP (AcSIR)	Supervisor
4.	Ms Sneha M. Mathew	2020 onwards	BSIP (AcSIR)	co-supervisor
5.	Mr. Mohd Ikram	2022 onwards	BSIP (AcSIR)	co-supervisor

## Summer internship

S.n o.	Name of student	Title	Affiliation	Year
1	Mr. Amit Gupta	Basic for stable Isotope analysis	Department of Earth Sciences, HNB Garhwal University	2018
2	Mr. Abhinav Prakash Srivastava	Paleoenvironment and Paleoclimatic interpretation of end Cretaceous Lameta Formation, Jabalpur, Madhya Pradesh on basis	Department of Geology, Lucknow University	2020

		of Carbon and Oxygen Stable Isotope study		
3	Ms. Kritika Mishra	Climatic and vegetation interpretation with the help of stable isotopes	Department of Geology, Lucknow University	2020
4	Ms. Anuska Mukharjee	Delineating environmental signature encoded in Gastropod shell using stable isotope as a proxy	Department of Geology, Lucknow University	2023
5	Ms. Prasansha Singh	Stable carbon isotope ratio ( $\delta^{13}\text{C}$ values) as a proxy to identify vegetation pattern ( $\text{C}_3$ and $\text{C}_4$ vegetation) in the Ganga plain	Department of Chemistry, Lucknow University	2023

## Research Experience

### 1. Scientific

- Paleoclimatic and paleovegetation reconstruction using stable isotope of oxygen and carbon in soil carbonate and carbon isotope ratio of organic matter associated with soil/sediments (SOM) and fatty acid in the Late Quaternary sediments.
- Spatio-temporal change in the Ganga sedimentation using strontium isotope ratio of soil carbonate and strontium and neodymium isotope ratio of paleosols.
- Preservation of carbon isotope ratio in organic matter in paleosols and soil carbonate.

### 2. Technical

- Mass spectrometry** - Working on stable isotope geochemistry since 2006.
  - Continuous Flow Isotope ratio Mass Spectrometer (CFIRMS):** With the help of Finnigan Delta<sup>Plus</sup>XP and DeltaVPlus CFIRMS coupled with Gas Bench II, I have analyzed large number of carbonate samples (soil carbonate, Speleothem and Foraminifera) and water samples (rain water, ground water and river water) including inter-laboratory calibration based on standards like NBS and Z-Carrara and VSMOW at Indian Institute of Technology Kharagpur (IITKGP) and Wadia Institute of Himalayan Geology (WIHG). Also, measured large number samples of organic matter associated with soil and carbonate nodules, peat deposits, coal samples and graphite using Elemental Analyzer including standardization using IAEA cellulose standard at IITKGP, WIHG and National Institute of Oceanography Goa. I am also well versed with the measurement of sulfur isotope ratios of sulfide ore minerals and carbon isotope ratio of fatty acid and n-alkanes. Experienced in routine operation and maintenance of **MAT 253 CFIRMS and peripherals parts like Gas Bench and Elemental Analyzer.**
  - Thermal Ionization Mass Spectrometer (TIMS):** I have used TIMS (TRITON, Thermo-Finnigan) to analyze strontium isotope ratio in soil carbonate and strontium and neodymium isotope ratio in sediments of the Ganga Plain to understand spatio-temporal change in Ganga sedimentation at Pondicherry University.
  - Gas Chromatography Mass Spectrometer (GCMS):** With the help of GCMS (Shimadzu) I have identify different organic compound like fatty acid and alkanes separated from the ocean core sediments at NIO Goa.
- Compound specific analysis** - Performed compound specific analysis on the sediments of the Ganga Plain, India at Marine Chemistry and Geochemistry Laboratory, Woods Hole Oceanographic Institute under guidance of **Dr. Timothy Eglinton** and **Dr. Valier Galy**. At WHOI, I have separated fatty acid, alkanes and alcohol from the sediments of the Ganga Plain, India and analyzed stable carbon isotopic compositions of the fatty acids with the help of Hewlett Packard 6890 gas chromatography coupled with isotope ratio mass spectrometer.
- Phytolith Separation** - Developed skill to separate phytolith from plant leaf samples of the Ganga Plain, India.
- Field experiences** - Carried out extensive field work in the Ganga Plain, India.

### 3. Teaching experience

- a. **Lecturer (contract basis)** - National institute of Technology Raipur (CG)  
**Duration** - From March 2001 to April 2006  
**Role/Responsibility** -
  - i. Conducted lectures of following subjects  
 M.Tech. (Hydrology & Petrology)  
 BE Civil (Engineering Geology)  
 BE Mining (Mining Geology)
  - ii. Provided consultancies to different organization related with Exploration and Mining on behalf of National institute of Technology Raipur, India.
  - iii. Conducted training for M.Tech students on Field Mapping in various parts of the Chhatisgarh state, India.
- b. **Assistant Professor (contract basis)** - Government P.G. College Balaghat, India  
**Duration** - Aug 2000 to Nov 2000  
**Role/Responsibility** -
  - i. Conducted lectures of M.Sc. & B.Sc. (General Geology & Petrology).
  - ii. Organized the Geological Excursion Tour for P.G. Course.

International Conference on "Terrestrial Planets: Evolution through time" 22-25Jan., 2008 PRL, Ahmedabad, India.

### Academic Projects

#### **1. M.Tech Final Year (2000)**

**Title of Dissertation—“Ore Geology, Exploration, Environmental Control at Malanjkhanda Copper Mines, Distt. Balaghat, MP, India.”**

**The Training Imparted on-**

- Ore Geology
- Exploration, Sampling and its Techniques, Face Mapping and Correlation, Core Logging Synthesis and Analysis of Exploration Data.
- Preparation of Geological Section & Plans.
- Ore Reserve Estimation by Various Method like Transverse – Cross Section & Level Plans.
- Quality Control
- Ore Beneficiation

#### **2. M.Tech Final Year (2001): Field Training Experience on Geological Mapping**

**Title: Techniques of Geological Mapping around Sonakhan & Rajadevri, Sonakhan Green Stone Belt Distt.-Raipur, India.**

#### **3. M.Tech Second Year (1999): Geological Excursion Tour around Bastar, Balaghat & Jabalpur Region. The study includes field observation of various sites i.e. Tokapal Kimberlite Field, Narli Tin Deposit, Distt. Bastar, Bailadilla Iron Ore Project, NMDC, Distt. Dantewara, Malanjkhanda Copper Project, Manganese Ore India Limited, Distt. Balaghat, Lameta Ghat, Barghi Dam Jabalpur, India.**

#### **4. M. Tech First Year (1998): Field Experience on Geological Mapping**

**Title: The Geological Field Training Camp of Some Part of Area around Mahasamund, India.**

### Extra Curricular Activities

1. Working as **COVID19 frontline** worker during pandemic time.
2. **Organized three days pre-conference tour (International Conference on Asian Current Research on Fluid Inclusions, ACROFI-2) in and around Malanjkhanda copper mines, Balaghat MP** on the behalf of department of Geology and Geophysics, Indian Institute of Technology Kharagpur.

3. Worked as Organizing Committee Member in the “**International Conference on Asian Current Research on Fluid Inclusions (ACROFI-2)**” from 12-14 November 2008 at Indian Institute of Technology, Kharagpur, India.
4. Worked as Organizing Committee Member in the “**National Workshop on Computer Application in Mineral Exploration, Mining & Water Resource Management**” (23-24 March, 2001) at Govt. Engg. College Raipur India.
5. Worked as Organizing Committee Member in the “**International Conference on Diamond and Gemstone**”, from 9<sup>th</sup> February to 15<sup>th</sup> February 2002 at Raipur, India.

### Achievements

1. Gold Medallist in Pt. Ravi Shankar Shukla University, Raipur, India (2000) for M.Tech. Degree in Applied Geology.
2. Beneficiary of Merit Scholarship for 3 consecutive years in M.P. Board Technical Education, India in M.Tech.
