organizes

on the occasion of

World Environment Day 2026

National Workshop on

“Nature Archives and Climate Futures: Pathways to Climate Resilience and Sustainable Development”

Hybrid Mode

Theme 2026:

“Inspired by Nature, For Climate, For Our Future”

03–04 June, 2026

Venue: Birbal Sahni Institute of Palaeosciences, Lucknow

Inspired by Nature, For Climate, For Our Future

Jan Andolan for Environmental Action

Beat Plastic Pollution

Green Mobility & Eco-conscious Lifestyles

About the workshop

The workshop is organized on the occasion of World Environment Day 2026 under the global theme “Inspired by Nature. For Climate, For Our Future.” It aims to provide a multidisciplinary platform to explore how nature archives and nature-inspired solutions can guide climate resilience and sustainable development. Aligning with India’s environmental vision of Jan Andolan for environmental action, Beat Plastic Pollution, and sustainable pathways including green mobility and eco-conscious lifestyles, the workshop will promote scientific dialogue and collective action toward a resilient future.

Sub-themes

- 1 Nature Archives and Climate Futures**
Understanding Earth’s natural and contemporary archives—including lakes, wetlands and marine sediments, biodiversity records, environmental monitoring, geospatial datasets, and emerging technologies—to decode environmental change and guide climate-resilient futures.
- 2 Nature-based Solutions, Beat Plastic Pollution & Green Transitions**
Plastic reduction, ecosystem restoration, green transportation, circular economy and climate adaptation pathways
- 3 Jan Andolan for Climate Action and Sustainable Futures**
Community participation, indigenous knowledge, environmental governance and people-led sustainability initiatives.
