BSIP INVITES APPLICATIONS FOR

PRIME MINISTER RESEARCH CHAIR

RESEARCH FOR A RESILIENT TOMORROW

WORLD-CLASS
RESEARCH

INTERDISCIPLINARY
INNOVATION

GLOBAL IMPACT

NATIONAL PRIORITY
GLOBAL EXCELLENCE

RESEARCH PROGRAMME

Past to Future Earth System Science for a Climate-Resilient India:
Integrating Climate Dynamics, High-Mountain Hazards,
Himalayan Sustainability, and Evolutionary Biotechnology

FOCUS AREAS

CLIMATE DYNAMICS
& CRYOSPHERE

Reconstructing past
climate to understand
future change

HIGH-MOUNTAIN
HAZARDS

Understanding hazards,
reducing risks,
saving lives

HIMALAYAN
SUSTAINABILITY &
BIODIVERSITY

Safeguarding ecosystems
and mountain
communities

EVOLUTIONARY
BIOTECHNOLOGY

Uncovering nature's
evolutionary solutions
for a better future

TECHNOLOGY
FOR IMPACT

AI, Geospatial,
Modelling & Big Data
for real-world solutions

POLICY & SOCIETY
ENGAGEMENT

Evidence-based
solutions for a
sustainable future

Palaeoclimate Reconstruction • Geospatial Analytics • AI & Modelling • Ancient DNA
Isotope Geochemistry • Earth System Modelling • Capacity Building • Policy Impact

WHY THIS MATTERS

Secure water for millions from the
Himalayan water tower

Strengthen climate resilience and
disaster preparedness

Conserve biodiversity and support
sustainable mountain development

Generate science-based solutions
for policy and national priorities

AN INTEGRATED APPROACH

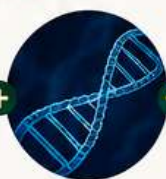

Palaeoscience

Earth System
Science

Himalayan
Sustainability

Biotechnology

AI & Data

From Deep Time to Future Resilience

LEAD INDIA'S NEXT FRONTIER IN EARTH SYSTEM SCIENCE

PMRC aims to attract outstanding Indian-origin researchers from across the world
to undertake cutting-edge research in India's priority areas.

CONTRIBUTE TO
VIKSI BHARAT
@2047

APPLICATIONS CLOSE
15 JULY 2026

Don't miss the opportunity
to shape the future!

OFFICIAL PMRC WEBSITE

and to apply.

QUERIES
pmrc@bsip.res.in

For any queries, reach out
to us.

CONNECT. COLLABORATE.
CREATE IMPACT.

Together for a
Climate-Resilient India

Decode the Past. Understanding the Present. Protecting Tomorrow.

DISCOVER THE PAST • UNDERSTAND THE PRESENT • SHAPE THE FUTURE

Birbal Sahni Institute of Palaeosciences (BSIP) • 53, University Road, Lucknow – 226007, India
